ACCEPTABLE APPLICATIONS

DO NOT BACKDATE COVERAGE. Producers' provisional binding authority will be recognized based upon the following conditions being met.

We reserve the right to make final underwriting decisions regarding the acceptability of risks, limits of coverage and deductibles. It is virtually impossible to set forth our underwriting program in its entirety within this manual. All submissions will be reviewed and underwritten on their individual merits. This manual addresses minimum requirements. If in doubt, please call customer service before binding.

Applications for new business must be transmitted by the Producer to the Company via a Covercube approved electronic application upload. If you are unable to transmit via one of the approved electronic uploads, a copy of the complete application and all required documentation must be faxed immediately to Covercube. **Your electronic signature will have the same legal effect as the execution of a written signature and shall be valid evidence of your intent and agreement to be bound by its terms.** Every question on the application must be answered (and explained where called for), the application must be properly signed by the Applicant and Producer, the required premium must be collected, and the risk must be acceptable according to all underwriting rules. The individual who signs the application must be the Applicant/Named Insured. The Named Insured must be 18 years of age or older. The Named Insured must be an individual; policies with estates, receiverships, corporations, partnerships as the Named Insured are not acceptable.

MATERIAL MISREPRESENTATION

It is important that agents ask all questions directly to the applicant and clearly explain the consequences of providing false information. Complete and accurate information on the application is required in order to bind coverage. **Material misrepresentation may result in the policy being declared null and void from inception and will impact the insured's rights to policy benefits.** It is important that agents explain that a claim may not be paid if false or misleading information is provided to us. Misrepresentation includes, but is not limited to the following:

- Failure to disclose all household members aged 15 or older
- Use of an incorrect garaging address
- Failure to report all prior accidents or violations on the application
- Failure to accurately report vehicle usage or vehicles available for use.

A new application will not be accepted for any former policyholder who has an unpaid balance due Covercube unless it is paid with the submission of the new application.

The completed, signed application and all required supporting documentation be obtained and be available immediately for review as requested by Covercube, and required items* submitted to Covercube via electronic upload as required. Documentation needed for applications written with a future effective date must be uploaded via our website at www.Covercube.com. Covercube has the right to review and the producer has an obligation to have all documents available for review, including but not limited to the following:

1. The insured's name and address, including the insured vehicle(s) garaging address. The garaging address must not be a P.O. Box.
2. The required down payment or full payment.
3. For each vehicle, the full description of the vehicle including year of manufacturer, make, model and the complete vehicle identification number (V.I.N.)
4. All waivers, exclusions, and authorization forms signed, as required
5. Coverage limits and deductibles clearly identified
6. Producer's name, address, and producer code.
7. Photos for all vehicles with physical damage coverage. The photos must be submitted to the Company.
8. Vehicle registrations if requested.
9. Appropriate proof of discount(s) if requested.

If an application is submitted with an incorrect driver class, surcharge, discount, etc. or without the required proof for a specific discount, the policy will be issued at the appropriate rate level according to the rules set forth in the program manual. The

documentation (if applicable to the policy) must be kept in your Agency's file for 3 years after the policy's expiration, or for the amount of time prescribed by all applicable laws and regulations, whichever is greater, and, as stated above, be available for Company review as requested.

CANCELLATIONS / NON-RENEWALS

Covercube will determine the effective date of cancellation or non-renewal and send any required notice to the insured and any third party interest, as required.

FLAT CANCELLATION / RESCISSIONS

Not permitted except under the following circumstances:

The insured's down payment made to the producer or Covercube is not honored by the financial institution upon which it is drawn. If an applicant's down payment is returned for any reason by the financial institution upon which it is drawn, the policy will be rescinded and no coverage will have ever been afforded. No opportunity will be offered for replacement of the unpaid funds. If the insured's down-payment was received and deposited by the producer, a request to rescind must be submitted to Covercube along with a copy of the dishonored check (front and back) or documentation of a refused/rejected/ disputed/ declined credit card payment. The request requesting the rescission and the supporting documentation must be submitted to Covercube within 10 days of the policy effective date. Replacement funds collected are to be used to rewrite the policy with a new effective date. Under no circumstances are funds to be collected by the producer with the understanding that the insured's rescinded policy will be "reinstated".

In addition, misrepresentation by the insured on the application for insurance or on any documentation submitted to the Company may result in rescission of the insurance contract.

COMPANY REQUEST

Aegis Security Insurance Company reserves the right to cancel a new business application for underwriting reasons in accordance with the Texas Insurance Code. If the Company cancels the policy, the earned and/or return premium will be calculated on a pro-rata basis. Covercube will mail or electronically deliver a notice of cancellation for nonpayment or unsuccessful payment of premium at least 10 days prior to the effective date of the cancellation. The reinstatement of a policy canceled for underwriting reasons may be considered only if the reason for cancellation is 1) remedied by requested additional information and or documents being furnished to Covercube; and 2) the required information and/or documents are provided prior to the cancellation date; and 3) all monies due at that time of reinstatement are paid. A 30-day cancellation notice will be provided to the named insured for all other reasons.

INSURED'S REQUEST

A policy canceled per the insured's request will be calculated on a short-rate basis and canceled as stated in the Policy. All requests must be made in writing to Covercube and must be signed by the Named Insured. Insured's requests may be submitted to Covercube. Cancellation will be effective no sooner than the day after the request was received by Covercube. In the case of the insured's death, either the insured's spouse, executor or person granted power of attorney to execute the insured's affairs may request cancellation of the policy. A copy of the death certificate and if the requestor is not the insured's spouse, evidence of legal right to transact the deceased insured's affairs must accompany the request.

Exceptions:

1. In the case of **duplicate coverage**, earned and/ or return premium will be calculated on a short-rate basis,. Covercube must receive the insured's signed request and a copy of the Declarations Page from the issuing carrier. The submitted Declarations Page must indicate concurrent coverage, and show the same vehicle(s) and coverage as the Aegis Security Insurance Company policy. The cancellation request for duplicate coverage must be received within 30 days of the Covercube policy effective date. All fees are fully earned.
2. Cancellation because of a **total loss** will be done only upon the receipt of the insured's request and will be processed effective the day after the loss, but only if the request is received within 30 days of the loss date. Otherwise, they will be processed as of the date received by the Company.

3. When an insured has ***moved out of state***, we offer prorated cancellation in these cases.
4. Cancellations for policies not accepted by the insured because of producer or Company error will have the earned and/or return premium calculated on a pro-rata basis.

Non Renewals

Reasons for policy non-renewal include, but are not limited to:

- Fraud or material misrepresentation has been made by the named insured.
- Substantial increase in hazard insured against, as defined by Texas Insurance Code.
- When an insured moves to another state, the policy will be non-renewed.
- We will notify the Independent Agent and the insured of our intent to non-renew.

Notwithstanding TIC § 551.105 and TIC § 551.106, this means that if the insured or any covered person fails or refuses to cooperate in a claim, we must non-renew the policy regardless of the required notice or policy anniversary.

Non-renewals occur at the expiration of a one-year term when coverage for a period of at least one year when the policy is written for a lesser term in accordance to Texas Administrative Code §5.7005.

- Accidents or claims involving damage by contact with animals or fowls.
- Accidents or claims involving damage caused by flying gravel, missiles, or falling objects; provided, however, that upon renewal the insurer may increase the deductible to the higher of \$250 or the next higher available deductible increment in the event of three losses in any 36-month period.
- Claims involving damage from a weather-related incident that do not involve a collision, such as, but not limited to, hail, flood, winds, or hurricanes.
Towing and labor protection; however, the insurer may eliminate towing and labor protection in the event of four towing and labor claims in any 36-month period.
- Any other claims or accidents in which an insured cannot reasonably be considered to be at fault may not be used by any insurer as the sole basis for a refusal to renew the insured's personal auto policy, unless there are two or more such claims or accidents in any 12-month period.

Vehicle Use

Business Use

A vehicle is considered used for business if any of its mileage is associated with a business, occupation, trade, profession, or commercial application (hereinafter "business use"). A 25% surcharge will be applied to Bodily Injury, Property Damage, Medical Benefits, Comprehensive, and Collision coverages for any vehicle classified as business use. No coverage applies to damage sustained while vehicles are used for business use unless the Business Use Surcharge has been applied. Private passenger autos owned or leased by the applicant and used in their business or occupation, other than Artisan Risks or Unacceptable Vehicles described below, are acceptable. Vehicles, including pickups, vans and utility vehicles, used by sales and service representatives and real estate agents are acceptable for business use.

Artisan Use

Artisan vehicles are used to carry tools and supplies between the insured's home and multiple job sites. Artisan vehicles are not acceptable in this program.
