Make sure you enter an accurate estimate of the annual miles the insured drives. This will be verified by Carfax once the quote is bridged to the Bluefire site. If the vehicle is newly purchased (within last 6 months) Carfax may not have an accurate annual mileage estimate, so there is a way to override the Carfax mileage on the Bluefire site.

The date insured purchased the vehicle is very important. If you don't have the exact date, that's ok, you can use an estimate or input 2 years of ownership. The longer they have owned the vehicle, the lower the rate!

Finally, if you know that the vehicle has a salvaged title, enter it here.

Make sure you select "Yes" in the Prior Insurance box if your customer has had insurance in-force for at least 6 months, with no more than a 30 day lapse. The longer they have had insurance in force, the greater the discount, so make sure you answer the Time with Prior Insurance box accurately. You will be asked to provide proof that insurance has been in force for this amount of time. The Prior In Agency discount is available to insureds with prior insurance and are currently within your agency that you are transferring to Bluefire.

Vehicle Information

Zip Code	75070
County	COLLIN
City	MCKINNEY
Alternate Garage	Yes
Garaging Address	
Loss Payee Type	Loan
Name	Unknown

If the vehicle has a lienholder, add it under Vehicle Information. It is ok if you do not have the exact name of the lienholder; just make sure the Loss Payee Type selected is "Loan". If you leave the lien holder information blank and have selected loan or lease in ITC that will bridge to our system as Lienholder = Y, and you can add/edit the information later in the quote, or after binding the policy and the rate will not change.

Quoting at least three days in advance will qualify you for our Smart Shopper discount, providing you with a more competitive rate. So, if today's date is 4/27/25 and the policy will not be effective until 5/1/25 a discount will apply.
